

RATHOD ANKUSH

Frontend Web Developer

+91 9959246100 | rathodankushhhhh@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Frontend Web Developer with hands-on experience building responsive, accessible user interfaces using HTML5, CSS3, JavaScript, Bootstrap, and Tailwind CSS. Skilled in translating Figma designs into pixel-accurate, cross-browser layouts and comfortable working with Git/GitHub in collaborative development workflows. Seeking an entry-level Frontend Developer role to build clean, performant web experiences and grow within a product engineering team.

TECHNICAL SKILLS

Frontend Development: HTML5, CSS3, JavaScript (ES6+), Responsive & Mobile-First Design, Bootstrap, Tailwind CSS, React (Basics)

Version Control: Git, GitHub (branching, pull requests, collaborative workflows)

Design & Prototyping: Figma (UI/UX design, wireframing), Canva

Programming & Data: Python, SQL

Tools: VS Code, Chrome DevTools, npm

WORK EXPERIENCE

Web Developer Intern | Axcentra

Feb 2026 – Apr 2026

- Built responsive, cross-browser web pages using HTML5, CSS3, and JavaScript, ensuring consistent rendering across desktop and mobile viewports.
- Improved UI layouts and component structure, reducing visual inconsistencies and enhancing frontend performance.
- Collaborated using Git and GitHub for version control, including branching and code review workflows.
- Partnered with design references to convert mockups into functional, production-ready interface elements.

PROJECTS

Software Defect Prediction Using an Intelligent Ensemble-Based Model — Python, Flask, Scikit-learn

- Built an ML-based software defect prediction system with a Flask web interface for model interaction.
- Implemented and compared Random Forest, SVM, Naive Bayes, and MLP classifiers for defect prediction.
- Improved model accuracy through ensemble learning and feature selection techniques.
- Managed source code and iterative development using Git and GitHub.

Responsive Personal Portfolio — HTML5, CSS3, JavaScript

- Designed and built a fully responsive multi-section personal portfolio site optimized for all screen sizes.
- Implemented modern layout techniques (Flexbox/Grid) and interactive UI elements with vanilla JavaScript.
- Version-controlled and deployed the project via GitHub.

CERTIFICATIONS

- **Full Stack Development** — GeeksforGeeks, Jan 2026
- **Responsive Web Design** — freeCodeCamp, Aug 2025
- **Basic Python** — freeCodeCamp, May 2025
- **Basic JavaScript** — HackerRank, Feb 2025
- **Basic CSS** — HackerRank, Jan 2025

EDUCATION

B.Tech in Computer Science and Engineering — Aurora's Scientific and Technological Institute, Hyderabad

2023 – 2026

Diploma in Mechanical Engineering — TKR College of Engineering & Technology, Hyderabad

2019 – 2023
